HOME.

Home of the soul! thy light appears
A star to guide that gloomy way,
When, pilgrim in this waste of years,
His faltering step has turned astray;
Hope lends her pinions to his feet,
Faith sheds its path within his breast,
And tireless, on he speeds to greet—
Prize of his toils—the goal of rest.

Darkly the night hath frowned on high,
Roughly the path before hath spread,
And the fierce tempest, sweeping by,
Hath beat upon the wanderer's head;
But through the night streams, pure and warm
Upon the path, a pointing ray—
A hand is with him in the storm
To guide and guard—his strength and stay.

Oh who would linger here when home
Hath bled that fancy never drew?
Oh why should footsteps e'er roam
When heaven shines o'er our mental view?
Home, glorious home! earth's darkest sky
And stormiest path we calmly leave,
For the bright, waiting wings that lie
In waiting for us at the grave.

SUFFERING AND EXPOSURE IN THE MOUNTAINS.
The following letter is handed to us, says the Idaho Statesman of the 11th instant, to make public the facts, as they are of intense interest to the friends of the lost and surviving men as well as the public:

Oregon, Feb. 22, 1867.
On the 4th inst. two men, A. H. Cogswell and a Spaniard, Alberto Dolores Hestez, arrived here nearly exhausted, having been eight days without food other than prickly pear and grass. They left one man, Jim Chambers, about fifteen miles back, he being too far gone to travel with them further. After resting a few hours, Hestez started back with a horse to bring in Chambers, but he could not be found. It is supposed that he left the trail. His blanket was found stretched across the trail, but diligent search failed to find him. He probably crawled into the rocks and died; or fell over the ledge which is several hundred feet deep. He was so far gone when they left him that they think it doubtful if he survived the first night.

These men with two more left the stage road to go to Lemhi, by Wood River, on the 3d inst. of March, with one animal, which died when about sixty miles in the snow. They kept on, hoping to get through the mountains; but the snow was six or eight feet deep, no wood and no game, with very cold weather. As six or seven miles from the animal died, two of the party, Wm. Willis and Charles Prescott, were badly frozen, and gave up—being quite unable to travel. They say it is certain that they died there. The three starting eastward, traveling three days to near the Three Buttes. Being unable to get through to Snake River that way, they turned southward to the river and followed it down, two of them succeeding in reaching this place. Chambers, whom they left fifteen miles up the river, was from Savannah, Illinois. Willis came from near Paris, Canada West. Prescott was from Whiteside county, Illinois.

These two men think the party of seven which started up with four jacks just ahead of them all perished in the snow. They say it is not possible that they got through, and give some good reasons for thinking so. They represent the snow as being unusually deep in the mountains, and think wagons cannot go up that way before the last of June.

These men were nearly naked when they got here, and are entirely destitute of everything. We are doing what we can for them. If the men that have friends in Boise who wish to know further particulars of them, Mr. Cogswell will be able to give them more in detail.

Hestez has one of his feet badly frozen, and will not be able to travel for some time. Yours,
SAM CLARK.

ADVENTURES OF A DOG.—The Niagara Falls Gazette relates the history of a dog's travels, which probably has no parallel.

Those who have been in the American Express Company's office at Suspension Bridge, lately, may have noticed a medium sized yellow canine. That dog has a history, and one period of the same has been written, forming a volume of the same script, now in the Express office. This written history—the introductory—begins with a letter last fall from the Express agent at Racine, Wisconsin, to the Beloit, in which a superior, five-cent fractional currency, with instructions to expend the same for Bolana sausage. Beloit couldn't fill the order, but forwarded the same to the Agent at Louisville, Ky., who, having no Bolana, furnished the raw material in the shape of his "valley dog," which he forwarded to Cincinnati to make up, presuming that, as Cincinnati is really the pick of the country, there must be no failures for executing his order. But Cincinnati failed—in fact, could not execute the order, and owned up. And the dog has thus been forwarded from one office to another all over the west, until sent from Detroit to Suspension Bridge. He has thus traveled thousands of miles, dead-heading for Express charges and good fare. Each agent forwarding his orders, wishes and compliments with the dog, and these letters make the history. The descriptions are all sorts of prose and poetry. Some of them will pass for the spirit of "dogdom," and all are, as we say of some books, "well worth perusal."

DRIPPED.—A Paris correspondent writes: "I have something rich to translate from a French paper. The gossip tells a funny story, in which two Russian noblemen and a favorite Parisian actress play the principal parts. Both of the Russians were suitors for the fair lady's smiles, and both seemed to be equally esteemed by her. It would appear that in Russia, as well as in many other countries, a lock of hair is considered a signal pledge of the tender passion; but, save the coxswain, if the truth must be told, only a few of our theatrical divs are endowed with profuse chignons; and if they were, the incessant demand for a lock of their hair would soon exhaust the supply. Madame de M. Alice glories in the possession of auburn ringlets, and wouldn't part with one of them for less than a duchy. Her Russian admirers, the Count de L. and the Baron de M., both happened to have hair of the same golden hue as that of their mutual Delilah. Each begged for a tress of her hair in exchange for a lock of his own, to which the charming creature readily assented, and without touching a single curl of her own head cunningly managed to effect an exchange of parcels, by which each gentleman received a tress of his rival's capillaries! The Count now wears the Baron's 'wool' next his heart, and the Baron sleeps with the Count's soap-lock under his pillow. For brilliant strategy, commend me to a woman."

FEMALE SUFFRAGE.—From a letter of Mrs. Jane G. Swisshelm to the Pittsburg Commercial, we take the following:

"When women vote the death penalty will be abolished, except for rape; the inmates of those houses which are now the hot-beds of evil will be sent to the House of Correction, and there kept for life or years, doing light, fancy work, and domestic labor. All the legalized haunts of crime which stand as rivals to virtuous homes, will at least have a struggle for life. Women will not work for half pay, and vice will not furnish her with the most profitable employment, and all parties will grow better and wiser; the principle of self-government is founded in error."

SEMI-WEEKLY ENQUIRER.

SATURDAY, APRIL 27, 1867.

UNION COUNTY CENTRAL COMMITTEE.—This body met at the Court House in Auburn on Thursday, 26th instant. The members of the Committee were remarkably prompt in their attendance, and displayed great zeal in their actions for the success of the party as well as unanimity and concert on the various questions which were presented for their consideration. Township No. 4 will be entitled to twenty-nine votes in the next County Convention, divided as follows: Dutch Flat, 12; Gold Run, 7, and Colfax 10. The call for the Convention will not be made until after the 6th of May. This delay was considered necessary in order that any new precincts which may be designated by the Board of Supervisors might receive their proper quota of representation in the call when made. It is hoped that the result of the deliberations of the Committee may receive the endorsement of the Union men of the county, and that they will send such men as will reflect the sentiments and good sense of the voters, without that dictation attempted to be exercised by a few whose only apparent interest is to forward personal ends.

HOMICIDE.—On Wednesday last James Sexton got into a difficulty with a clothing dealer at Colfax, for which a warrant for assault was issued for his arrest and placed in the hands of Deputy Constable Rogers, who, with several others proceeded to arrest Sexton—some of the witnesses say while he was on his way to the Justice's office to give himself up—when Sexton turned round and said something defiantly to the officer and showing a knife, upon which Rogers and the night-watchman both fired their pistols at him, both balls taking effect, one in the face and the other in the abdomen, upon firing, Rogers started to run and fell, when Sexton caught him and inflicted a terrible wound in his breast. Sexton's wounds proved fatal on Wednesday evening and Rogers is still in a critical condition. These are the facts in regard to the unfortunate transaction.

PACIFIC RAILROAD.—The work of the Central Pacific Railroad above Colfax is progressing rapidly, and is in a much more forward state than the public generally are aware of. Since the Company commenced the use of nitro-glycerine the work of blasting has been greatly facilitated. During a recent visit to Colfax we learned that the main construction department would move from that place about the first of August, and that in all probability the cars would be running to Crystal Peak and onward by the first of November, next. It is calculated that the work on the "big" tunnel on the Summit will be completed by the middle of September next, making the time about one year occupied in its excavation. The Company, we learn, are anxious to employ all the help they can possibly procure, as it is their determination to spare no effort to push ahead this stupendous enterprise to its speedy and successful completion as possible.

A TRAGIC AFFAIR.—There appears to be any amount of crime being committed at the new town of Belmont, Nevada, in consequence of the disposition to jump town lots. On Thursday, the 18th instant, a most tragic affair occurred at that place, which grew out of the fact that the workmen on the Childs & Canfield claim were discharged, and as the men asserted, for the purpose of giving employment to Cornwall miners, which so incensed the discharged men that they rode Canfield round town on a rail and otherwise insulted and maltreated him until L. M. Bodrow interfered which incensed the ruffians to more violence, resulting in the death of Bodrow, who is said to have received a number of fatal wounds, from fifteen to twenty shots having been fired at him. A mercenary named J. P. Digney, who was instrumental in creating the difficulty, was providentially killed. The murderers of poor Bodrow were allowed to escape.

MAY DAY EXCURSION.—The Railroad Co. give the Sunday Schools of Dutch Flat a free ride to Sacramento on May Day. Parents and all other persons will be charged regular excursion rates, namely \$3.00 each for the entire trip. All desiring to go should inform Mr. Davis, Supt. of the Union Sunday School, that he may let the Company know the number of cars wanted. Those intending to go must be on hand at the Depot at half past eight o'clock, May Day morning.

Since the above was written, a dispatch from Mr. Crocker April 26th, says: "I am compelled to defer your excursion to May 2d."

RETURNED.—We unintentionally omitted to mention the return of Mr. Edward Towle from the Eastern States last week. Mr. Towle had been absent from our town some five months, on a visit to his relatives in the East, whom we are glad to hear he found enjoying good health. He returns with the intention of making California his home, where he will take a wife and otherwise act like a sensible man.

THE ODD FELLOWS CELEBRATION.—About forty ladies and gentlemen started from this place for Auburn to participate in the celebration of the day, and some in the ball following. They have our hearty wishes for a happy time. "The good deserves bliss."

Pio Nic.—We return thanks for an excursion ticket for the "Good Templars' Excursion from Dutch Flat, Gold Run or Colfax, to the Junction" on May Day. Price 2.50. All in favor of sensible and reasonable enjoyment, can embrace this opportunity, with great certainty of success.

THE VERY LATEST.—The Dramatic Chronicle during a late tournament with the Banner of Progress, an advocate of table-tipping salvation, in which the former at one tilt unhorsed the latter, is now accused by the spiritualist of "stealing hell." Give it back, Mr. Chronicle, you ought to know better than to steal his Majesty's dominion.

LETTER FROM COLFAX.

COLFAX, April 26th, 1867.

MR. EDITOR:—The political cauldron is boiling at a rapid rate. It has reached a heat that is startling to outsiders; and if the Convention don't come off soon, or some vent is established to regulate the machinery, there must be a violent explosion. The *Stripes* man sees the danger—one that he has assisted to aggravate—and tenderly speaks of arrangements, compromises, etc. All that he says or does however, but complicates affairs and tends to increase the danger. In our own immediate neighborhood the excitement is at the highest point. We have had an additional number of candidates the last week, and consequently an additional amount of buzzing. Auburn, of your town, has been here, ostensibly upon mining business, as it is said that he contemplates a partnership with Judge Heard in his famous mine. If he succeeds in effecting that arrangement, he will have no use for the office of County Treasurer, but can live independently without it. During his stay with us, however, he did not fail to strike some heavy blows, and every time made the "fur fly" at a rapid rate. He is well posted and openly exposed the trade recently made between Charley Brogan and some of our wisecracks. About that trade you have probably heard; if not, it is enough to say that it consists in Gold Run abandoning her claims to the offices of Constable and Justice of the Peace in favor of Colfax, if case Colfax supports Charley's candidate for County Treasurer. This all looks very well if this place wishes to sell herself for a mess of pottage, and would work charmingly for Hollenbeck. After he is out of the way, however, what would become of poor us? Would Gold Run stand by her part of the contract? Would she not repudiate the whole affair and leave us out in the cold? She is naturally ambitious, and the hankering after the fabled pots of Egypt, so conspicuously shown, causes us to be naturally suspicious of her. If we were disposed to make a point upon the paltry positions of Constable and Justice and desired an alliance, Dutch Flat would be our natural ally. That place has these offices, and the business, and will retain them. Gold Run can but admit this. Then it is clear to be seen that Gold Run is the place to fear, and instead of attempting to conciliate her we should endeavor to make prestige and standing with other places. I do not wish to be understood as doubting Charley Brogan's word at all; he would doubtless individually do what he professes, but I do doubt his ability to control the Union men there and dispose of them like so many sheep in the shambles. When called upon to do as he proposes they would discard his counsels entirely, and it may be, when they learn fully of this transaction—how their claims for Justice and Constable are being bartered away—they may repudiate the author and the man expected to be benefited thereby. But speaking of Auburn, he says that he will carry Dutch Flat certain, to use his language "Not because he is so popular but because Richmond is so d—d unpopular." We have had an entirely different impression, from what we had heard we were led to believe that Richmond was really "cock of the walk" and that any outside rooster, who made his appearance would soon be driven with his head through the crack of a fence. It may be that this is caused from our quietly sympathizing with him. But as it is, we shall wait patiently for the result of the Primary at Dutch Flat and govern ourselves accordingly. I have said a good deal about Auburn, and I must not fail to speak of others. Mr. A. M. Jewell of "Benton's old saw mill" is one of those. It is said that the office of Collector, while perambulating the District, routed him out of his quiet retreat and is attempting to force him into the office; still resisting and attempting to avoid the importunities he reached this place and had quite a pleasant "sojourn" with the boys. When heard last from the office was still after him with him with prospects of out-winding him. This will be a clear case of subjection. Jno. Thomas is another of whom I must speak. He has been here also. He says upon Road business, but our Road candidate Charley Beals says that the roads don't show any evidence of being recently disturbed. When told that the office was after Jewel he started in pursuit, hoping to save Jewel from its grasp if he sacrificed himself. Bill Sexton has also been around. He is willing to be Sheriff again if the people desire. Bill made a good officer when he was Sheriff before and I don't know that the people could do much better than to re-elect him. I would advise him however not to electioneer too much with open and avowed Copperheads but to confine himself closer to the Union men when he next visits us. Although our town cannot boast of as many candidates as other places, we can boast of as much philanthropic feeling as any other place. Messrs. Starr and Egbert started around yesterday to raise funds for the destitute and starving of the South and in less than one hour raised \$120 with promises of more. It is with this like any other deserving object, the hands of our people are ever open to assist the needy.

We have now an opposition six horse stage from here to Grass Valley and Nevada. It appears to be doing a smashing business at present. The recent upsetting of Bill Hamilton's stage and the almost killing of a number of passengers has tended to make the traveling Community dubious of that line, and the consequent patronage of the other.

In my next I intend to pay my respects particularly to that "fellow" writing from here to the Stars and "Stripes." He can therefore take warning, "Crack his whip and drive ahead." Yours, OCCASIONAL.

ON A VISIT.—Mr. W. H. Hillhouse one of our respected and prosperous merchants, has gone to San Francisco to take the steamer of the 30th, for the East. He intends to spend four or five months visiting relatives and friends in Kentucky or Indiana, and to return in October. We wish him a pleasant voyage, and safe return, bringing with him a partner for all his joys.

LETTER FROM FOREST HILL.

FOREST HILL, April 25th, 1867.

FRIEND BOUNT:—Although you have correspondents, reliable and numerous as well as graphic and entertaining, from the different mining localities in your more immediate vicinity, I have not seen any from this point for some time. Forest Hill is the central and chief town on the main divide between the Middle Fork of the American river and Shirltail canyon, and is about equidistant from Todd's Valley, Yankee Jims, Smith's Point, Bath and some of other small mining camps on the different tributaries of the Middle Fork and Shirltail canyon. Mining is carried on very extensively in all its different branches in our neighborhood; river and canyon mining during the dry season in the beds of the streams, hydraulic and sluice washing on the hills at all seasons. The last is the most extensive and profitable at present, owing in a great measure to the success of the numerous mills which have been erected at great expense to crush the hard cement or gravel in which the gold is found. There are ten of these mills in good running order within a radius of three miles from this place, eight of which run by steam and two by water power, furnishing regular and remunerative employment to a great many men.

The political cauldron is beginning to boil, which is evidenced by the number of adable and smiling gentlemen whose business calls them from home "about this time," as the old adage has it. But there is a new element in the field. We have an Anti-Coolie or Workingmen's League here, who say they can and will control the election in this county this Fall, and the Copperhead leaders here, as elsewhere, are pandering to their prejudices to secure their votes. But judging from the "physiognomy" I saw at two of their meetings I think the Registry Law will "bar out" a great many of them; for more than nine-tenths of them are foreigners. Is it not rather presuming for one class of aliens to dictate to the exclusion from our shores of another class? The dictation too, coming from those who "smote us in our peril," by politically leaguings with our country's enemies; for without their votes the Democratic party would have been as insignificant as infamous, and here let me say, that I heartily approve the stand you have taken on National affairs, your leader in the issue of the 13th "the Gods Wiser than We," is its me exactly. I think its principles should be enforced in the refractory States.

ARTISTIC.—We spent a short time very agreeably in the picture gallery of Messrs. Scripture & Coffin, over the Golden Eagle, on Wednesday last. They have a collection of most beautiful pictures, specimens of their art, and as these gentlemen are courteous and kind our people can have no excuse in not availing themselves of an examination of some of the best views taken of the scenery at and near this place that we have seen. They have been peculiarly fortunate or understand their business in an eminent degree—we suspect, the latter—for they seldom fail in procuring the best pictures of all who sit for them; and if such a thing is possible, frequently make an elegant, attractive picture from a poor subject.

CANDIDATES.—The Sacramento *Be* under the head of condition of the State gives the following facts and to the times for holding the several District Conventions and the prominent candidates who are expected to come before them: "The First Congressional District has called a Convention at San Jose on June 10th, two days before the State Convention; and the Third District Convention is to assemble at Marysville on the day succeeding the adjournment of the State Convention. No action has, as yet, been taken to bring together the Second District Convention, but it is well understood that that body will be held in Sacramento either the day before or after the State Convention. In the First District the prominent candidates seem to be Lovett of Monterey, T. G. Phelps of San Francisco, W. J. Knox and J. S. Wallis of Santa Clara. In the Second District, J. G. McCallum of El Dorado, and Wm. Higby of Calaveras. In the Third District, Chancellor Harrison of Sierra, W. H. Parks of Yuba L. E. Pratt of Napa, and L. M. Foulke of Siskiyou."

THE SUPERIOR RACE.—The following is from the San Francisco *Monitor*, and for cool impudence and brazen audacity we venture to say has never been equaled. In this, we admit that we are in a similar fix to the man who lost a load of sand, "we can't do true subject justice, and will say no more about it." "The other reason is that our countrymen (the Irish) though not even in the worst dispositions morally inferior, but on the contrary, we believe very considerably superior to the other races forming the population of America—yet neither possess the art of cloaking their faults nor of escaping justice, both of which the pure natives possess, according to common report, in perfection. In morality, in honesty, in general respect for the moral law, as such, Irishmen are immeasurably superior to those among whom they live."

THE REV. J. E. BENTON will preach in the Union Church next Sunday morning, on "Taking no thought for the morrow." And in the evening from the text "Lord, I believe, help thou my unbelief."

RELIGIOUS NOTICE.—Rev. P. T. Cool, after an illness of four or five weeks, has so far recovered as to fill his pulpit in the Methodist Church to-morrow morning and evening at the usual hours.

SCHOOL EXHIBITION.—We learn, from a "reliable gentleman" this time, that the School Exhibition which was sometimes since announced to come off, will certainly take place at the theater in this place on Monday evening, April 23rd, at which time the entire talent of the Public School together with several outsiders, noted for their forensic ability will appear. Programmes will be distributed to-day.

STEREOSCOPIC VIEWS.—We are indebted to Messrs. Scripture & Coffin for six views of mining scenes directly north-west of this town. They comprise pictures of the main pipe, the Dutch Flat, Franklin and other claims. They are taken in the highest style of the art and reflect great credit upon the operators. Any number of them may be obtained at the gallery of Coffin & Scripture.

SOUTHERN RELIEF COMMISSION.—The following is the Address of the Southern Relief Commission, of San Francisco, to the people of California:

CALIFORNIANS: For the first time in the history of our Country, the cry of famine is within our borders. We have been slow to realize the appalling truth, because we have doubted its possibility in a land so celebrated for its plentiful harvests, but there is now no longer room for doubt. The wall of starvation has been heard, and the heart of the Nation is aroused. Our overflowing granaries will be our everlasting reproach if we fail to send food to the starving—the treasure we are digging from the earth will entail no blessings upon us, if we respond not to the cry of the hungry.

The case is urgent, the demand is large, the disposition to contribute is general, and we have provided the facilities to meet it. Through the co-operation of Wells, Fargo & Co., we have constituted their Agents throughout the State our special coadjutors to receive contributions from all who are disposed to make them. The California Steam Navigation Co., the Central Pacific R. Co., the San Jose R. R. Co., and the Alameda and Oakland R. R. Companies have generously offered free transportation, on their respective lines, for grain and other produce from the agricultural counties to San Francisco, to accommodate the people who prefer making such contributions.

The undersigned are in communication with the Southern Relief Commission in New York, and the liberality of our Bankers, and of the American Telegraph Company, will enable us to telegraph remittances to the New York Commission, free of charge.

The grain or other produce that may be contributed will be converted into money at San Francisco, or be shipped to New York via Panama, according to the convenience or exigencies of the time. Messrs. Wells, Fargo & Co.'s Agents are requested to publish in the newspapers of their respective localities, all contributions they receive, and it is confidently believed that the Press of California will give liberal and gratuitous aid to the cause of National Charity.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingles said: "they were there" every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters—and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS will cure Nervous Headache,

Cold Extremities and Feverish Lips,

Sour Stomach and Peptic Breath,

Flatulency and Indigestion,

Nervous Affections,

Excessive Fatigue and Short Breath,

Pain over the Eyes,

Mental Despondency,

Prostration, Great Weakness,

Sallow Complexion, Weak Bowels, &c.

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those

horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty

thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effective tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be everywhere known, and all circumstances. They have already obtained a sale in every

town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold so long as a good one, they find some support from parties who do not care what they sell, so long as they get their private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean.

It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

MEDICAL.

FRENCH MEDICAL OFFICE.

Dr. JULIEN PENNAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PENNAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Army Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

Dr. PENNAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in Impotence and sterility, and permanently reduce the vitality of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory, Enemas, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that slight and hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body.

Some of the most common symptoms are pimples in the face and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PENNAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Stricture, Bubo Ulcers, Cutaneous eruptions, etc., will be treated successfully. All Syphilitic and Mercutial Taints entirely removed from the system.

Dr. PENNAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given in regard.

Patients suffering under chronic diseases, can call and examine for the motives. We invite investigation; claim not to cure everything, nor to cure everything, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, will turn out and discontinue, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. PENNAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppression and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PENNAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 423, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, form erty of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S
Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of these call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra.
Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Veneral Diseases.
In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease.
As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulae.
Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1841. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,
And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my **VEGETABLE MIXTURES**, known only to myself.

Seminal Weakness.
Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirit, Evil Foreboding, Self-distrust, and an aversion to society, consult Dr. TOZER at once, and he will restore you to perfect health.

To Females.
When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Memory, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult Dr. TOZER, and he will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My Rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor. My **FEMALE MONTHLY PILLS** were never known to fail in giving relief in vision, nervousness and general debility. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.
Patients residing in any part of the country, however distant, who may desire the opinion and advice of Dr. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the treatment and medicine necessary to effect a cure without the necessity of a personal interview. All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE. Cures in all cases guaranteed. Office hours from 9 A. M. to 9 P. M.

A Grateful Acknowledgment to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1886.
Dr. Chas. H. Tozer, I beg to thank you for not writing to me sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and I was unable to eat, and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out once, which relieved me immediately, and I was enabled to swallow my food, and my system began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose, and bringing me back to my former health, and I am now able to eat and drink as usual. I have a plate made for my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors, your duty, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, your friend and admirer, S. S. T. To Dr. Chas. H. Tozer, San Francisco, S. F.

MEDICAL.

PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office, Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Scrofula and all Sexual Disorders.

TO THE AFFLICTED.
Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Debility, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a secret and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to bear testimony to their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demands their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

Dr. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubt as to whom you may employ, ask Dr. DOHERTY, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.
